

This installation will require **internet connectivity** and approximately **3Gb** of memory.

NB: The software download should be carried out on a computer that does not currently have Solidworks installed.

1. Enter the following web address
http://www.solidworks.com/sw/education/SDL_welcome.html

Scroll to the bottom of the screen and click on the request form [English SolidWorks Student Design Kit request form](#)

2. Enter the details as shown below **do not** leave any blank boxes and select **Request Download**.

3.

School License ID or SDK-ID:	<input type="text" value="761197"/>
Are you a:	--Select--
First Name	<input type="text"/>
Last Name	<input type="text"/>
School Name:	<input type="text"/>
School Type:	--Select-- Select "other"
Major:	--Select-- Select "other"
Month of Graduation:	--Select--
Year of Graduation:	--Select--
City:	<input type="text"/>
State:	<input type="text"/>
Postal Code:	<input type="text"/>
Country:	--Select--
Version:	2011
VAR Name: (if available)	<input type="text" value="Solid Solutions Ireland"/>
Email Address:	<input type="text"/>
	<input type="button" value="Request Download"/>

4. The Solidworks Student License will appear, scroll to the bottom of the page and select **Accept Agreement & Continue**.

- Click on the appropriate Download link, for example if you have a 32 bit operating system then select 32-bit Service Pack, failing to choose the correct link will result in a failed installation.

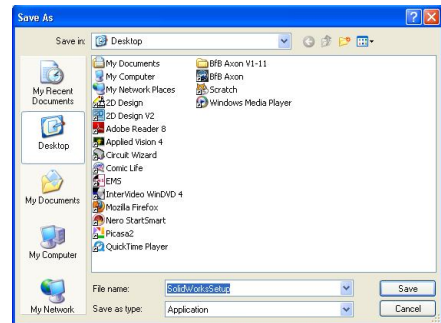

SolidWorks Student Design Kit Download

 **Download** SolidWorks 2011 XP/Vista/Win7 32-bit Service Pack 2.0

 **Download** SolidWorks 2011 XP/Vista/Win7 64-bit Service Pack 2.0

[Click here for instructions if your browser security settings are blocking this download.](#)

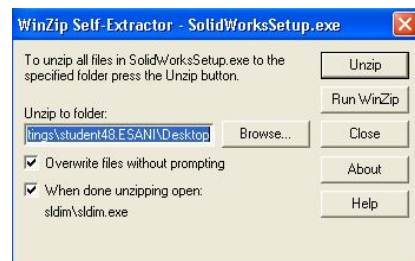

- When the File download box appears choose **Save** and note the location it is being saved to, in this case it's the Desktop. Click **Save** again.

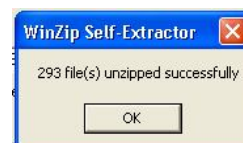

- When the download completes click **Run** to unzip the contents a confirmation box will appear, select **Run** again.

- Click **Unzip** to unpack the contents of the download noting the location folder again in this case the Desktop.

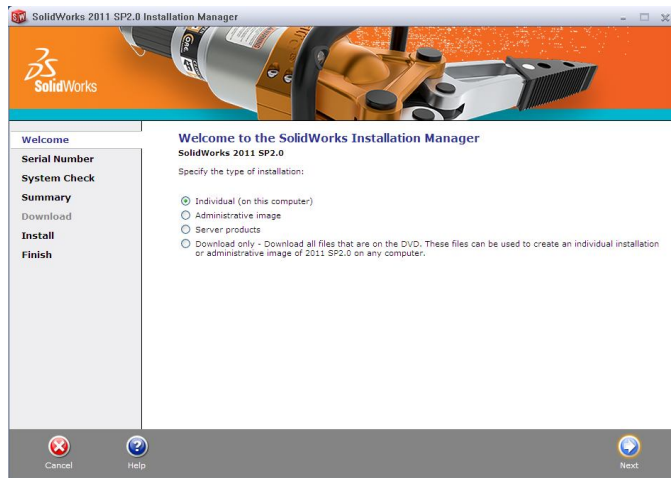

- When the process has finished click **OK**.

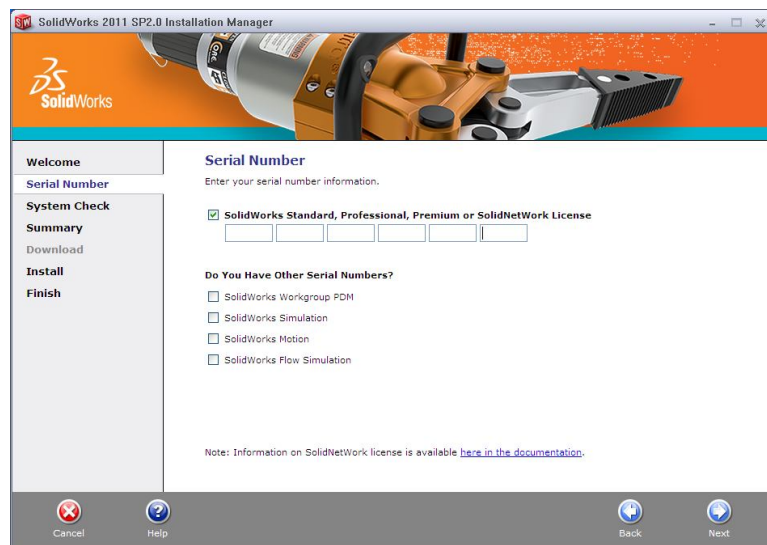

10. This should automatically open up the Solidworks Installation Manager, if not navigate to the previous download location and double click the SW setup icon.

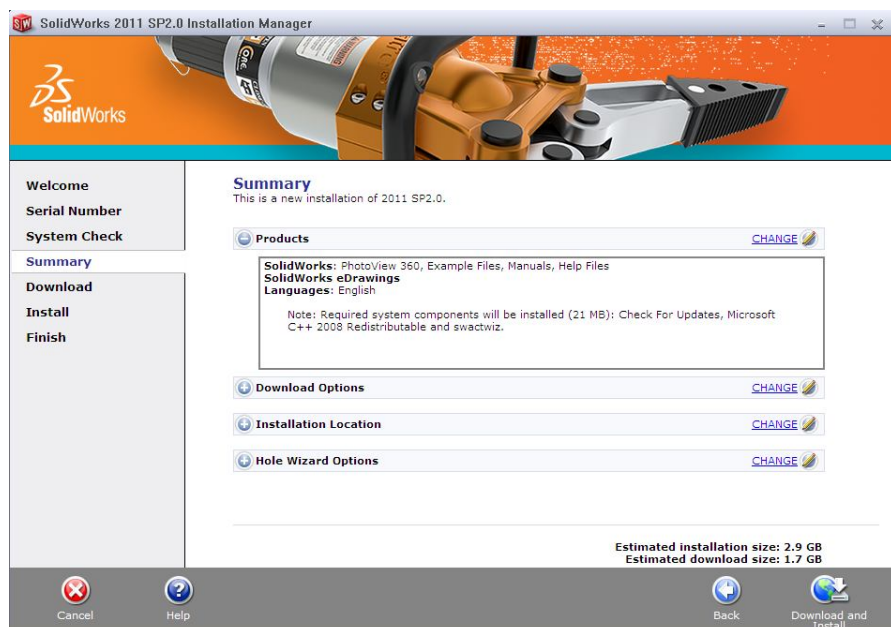

Choose the **Individual (on this computer)** option and click **Next**.

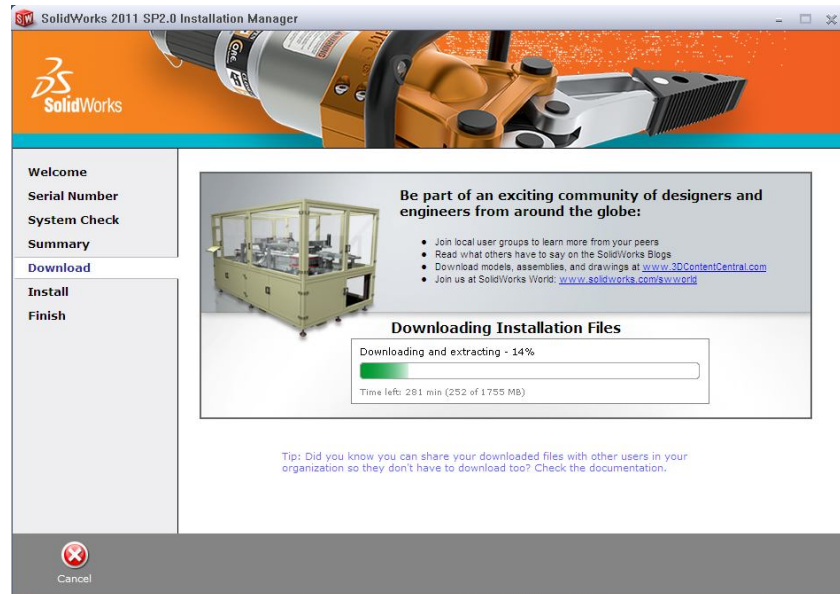

11. Enter the serial number **9000 0084 6784 9087 KKZ7 9HB4** in the boxes provided and click **Next**.

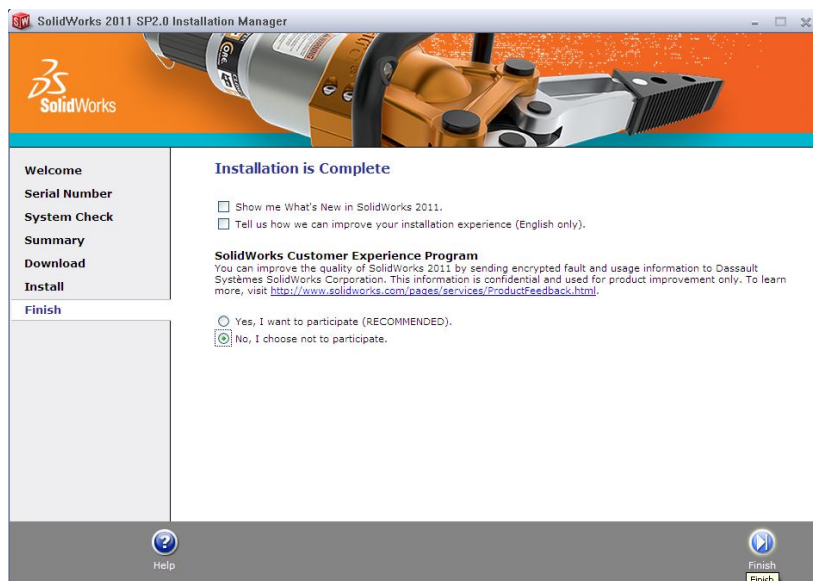

12. Click on the **Download and Install** button on the bottom right section of the window.

13. This will start the download process, as this is a very large file and depending on your internet connection it could take a number of hours to complete.

14. Click **Finish** to complete the installation.

15. There should now be a **Solidworks 2011** Icon on your Desktop, double click it, complete the registration and enjoy.
